DOCKET FILE COPY ORIGINAL

Appellant Name: Richard Senturia, consultant for applicant.  
Applicant: Better Learning Communities  
Applicant BEN #: 16062189  
Applicant Form 471#: 816129

To whom it may concern,

This is an appeal of the recently received Notification of Improperly Disbursed Funds Recovery Letter for Funding Year 2011, informing us that USAC seeks to recover funds for the following FRN's listed on the Funding Disbursement Recovery Report.

FRN's: 2218504, 2218521, 2218535

We appeal the judgment in which USAC seeks to recover \$26,306.20, the total amount of funds disbursed for FRN's 218504, 2218521 and 2218535. Our request for review is based on the fact that the Administrator's Decision on Appeal was **Partially Approved**.

The billed entity receiving service was purportedly not in incompliance with the guidelines set forth by CIPA when the services began. The entity was in compliance with the Technology Plan requirements.

Page 2, paragraph 1 of the attached Administrator's Decision on Appeal, dated November 4<sup>th</sup>, 2014 states:

USAC will not seek recovery for the Technology plan violation, since on appeal you have demonstrated that services were delivered after the tech plan approval date. Since this requirement was met, USAC will not seek recovery for this portion of the disbursed funds. Therefore your appeal is Partially Approved.

We request further review of this application to establish a fair portion to be recovered; in view of the decision that USAC will not seek recovery for the Technology plan violation, since on appeal we have demonstrated that services were delivered after the tech plan approval date.
